### Experience

---

- **A1 Capital Company . Single Tower Business Bay/ BMFNP LTD Company Exchange Tower Business Bay**  
Trading Accounts Manager
  - \* I am a personal trader and technical market analyst. I have experience in the field of trading such as Forex, metals, stocks, and CFDs for more than 6 years.
  - \* I have my own trading strategy that I built over the past 6 years. I am good at working with more than one type of technical analysis. Such as analyzing price behavior, reversal or continuation models of all kinds, or analysis with technical indicators, supply and demand areas, OB, FVG, ChoCh, Bos, and other types of technical analysis for entry and exit.
  - \* I worked as a trading account manager in the Forex, stocks and CFDc markets
  - \* I worked as a team leader in the forex market
  - \* I have experience in sales in the Forex and CFDc markets

### Skills

---

- \* I can work using the scalping method for short-term deals or the waves method for medium-term deals or long-term deals.
- \* I have my own strategy that includes entry and exit zones and a strict capital risk management strategy. The risk to reward ratio. Controlling the psychological state, managing and controlling emotions during trading
- \* I am better at working on things that have larger movements and more trading volumes, such as gold, Nasdaq, Dow Jones, oil, and Bitcoin.
- I have extensive experience in sales, closing deals, meetings with clients, and the skill of closing deals. Knowing customer needs is one of the most important tools in the art of selling
- I am a leadership person and I can handle responsibilities
- I am a person who can develop and learn what is new and useful
- I can manage multiple trading accounts at the same time
- I am a flexible person and I have the skill of persuasion
