### Strategic Trader and Financial Analyst

Strategic Trader and Financial Analyst in crypto, Stock market & forex

#### Cryptocurrency Trading Expertise:

I specialize in the intricate landscape of cryptocurrency trading, with a keen focus on both intraday and future trades. My expertise extends to a deep understanding of technical analysis and the underlying fundamentals of cryptocurrency projects. I actively engage in trading across multiple platforms, including ZEB pay, WazirX (Indian exchange), Binance, and Hobit. Additionally, my involvement in various cryptocurrency airdrops showcases my commitment to staying abreast of industry developments.

#### Stock Market Mastery:

In the realm of traditional finance, I excel in trading futures and options (F&O) on the Indian stock exchange. My proficiency extends to equity markets, where I conduct meticulous technical analyses, incorporating chart patterns, volume profiles, and a nuanced comprehension of derivative products, including the Greeks in F&O.

#### Forex Trading Specialization:

Within the forex market, my focus lies on commodity trading, specifically in XAUUSD (Gold), EURUSD, US100, US30, US500. My prowess encompasses a thorough understanding of both fundamental and technical analysis. Additionally, I actively engage in currency trading, with a strategic approach applied to pairs such as EURUSD, USDJPY, and USDCHF, GBPUSD.

Throughout my career, I have demonstrated a commitment to continuous learning and adaptation to dynamic market conditions. My multifaceted experience positions me as a versatile and valuable professional in the ever-evolving landscape of global finance.
